

FIREWORK SAFETY TIPS

- **Enjoy public fireworks rather than your own firework show**
 - **Children under the age of 12 should not handle fireworks**
 - **Sparklers burn at 1200°F – 2000°F, that's as hot as lava!!!**
 - **Keep a good distance between people, pets, and lit fireworks**
 - **Never light fireworks indoors**
 - **Always keep a bucket of water ready**
 - **Never relight or look into a firework that did not go-off**
-
